Please provide a brief property description (including acres to be planted)

**Answer the following required questions to determine eligibility.**

Do you have the ability and the desire to care for the trees? This will consist of regular watering the first two years, then general maintenance as directed.

Yes

No

Once the application is approved, CRA will invoice you \$30 per 100 trees. Are you prepared to pay the fee to cover the cost of the trees?

Yes

No

Will you match the tree species to the proper site conditions by taking into consideration things such as soil type, sun exposure, moisture levels, neighboring trees, and nearby infrastructure?	Yes
	No
Will you plant the trees within a few days of delivery? Trees will be delivered between Earth Day, April 22nd and Arbor Day, April 26th of 2019. Your seedlings will have the highest survival rate when planted immediately after delivery.	Yes
	No

**Watershed Resource Goals** Every tree planted contributes to the health of the watershed. Check all that apply to your proposed tree planting location.

- Create riparian buffer
- Streambank stabilization
- Improve wildlife habitat
- Enhance biodiversity
- Prevent canopy loss
- Reduce the impacts of invasive species (such as Emerald Ash Borer)
- Reforestation after logging
- To provide future native seed stocks

**Available Tree Packages:** There is **no limit** to how many trees can reserved. No substitution requests for tree packages.

The **Wildlife Package** consists of 100 total native seedlings meant to attract various forms of wildlife to your property. Tree species include: Balsam Fir, Sugar Maple, Fragrant Sumac, Black Chokeberry, American Hazelnut, Black Elderberry, Black Cherry, Ninebark, Serviceberry, and Spicebush

The **Riparian Package** consists of 100 total native seedlings that have been selected due to their ability to thrive in proximity to the rivers edge and floodplain. Tree Species include: River Birch, Red Osier Dogwood, White Cedar, Red Pine, Fragrant Sumac, Black, Chokeberry, Eastern Sand Cherry, Black Cherry, Ninebark, Serviceberry, and Spicebush

The **Upland Package** consists of 100 total native seedlings that have been selected to grow where drainage is sufficient and soils do not become saturated for extended periods of time. Tree Species include: Balsam Fir, Red Pine, Sugar Maple, Sumac Frag, Jack Pine, Red Oak, and White Pine.

Wildlife Package	Quantity
Riparian Package	Quantity
Upland Package	Quantity

A limited amount of the following native tree species are available in increments of 25. Cost share \$30 per 100 trees this equals approx. 30% landowner cost share.

[Red Osier Dogwood](#)  
[Cornus stolonifera](#) Quantity

[White Spruce](#) [Picea glauca](#) Quantity

[Northern White Cedar](#)  
[Thuja occidentalis](#) Quantity
